Long time no see,

I know you were all waiting for some news about your favorite team, so here comes everything that happened :

- Hadouken is registered to the third season of ETF2L in div 3B. We lost our first match against FOG but this will be our last and only loss (hope so)
- We are registered to ClanBase's OpenCup Fall 2008
- We are registered to ESL's 6on6 ladder waiting for our first match

And the biggest news of this week: we are now **FULL**, two people joined the team, let's make some noise for: The Pledge and Hocz (respectively scout/sniper and soldier/sniper)

Hadouken begins...
